

# Z120b ROOFTOP SYSTEMS

BATTERY DRIVE TRANSPORT REFRIGERATION SYSTEMS

The all new Italian made Zanotti Zero Z120b Rooftop Battery Drive Refrigeration systems. Designed for Australian climates in partnership with Daikin Zanotti.

Zero Rooftop **Z 120b**

Operation	Road and Stand-by	
Defrost	Hot Gas	
Total weight (kg)	with electric stand-by	74
	without electric stand-by	61
Evaporator air flow (m <sup>3</sup> /h)	560	

Daikin-Zanotti **Z120b Rooftop Refrigeration Systems** are powered by the vehicle battery, capable of delivering the temperatures you need all year round!

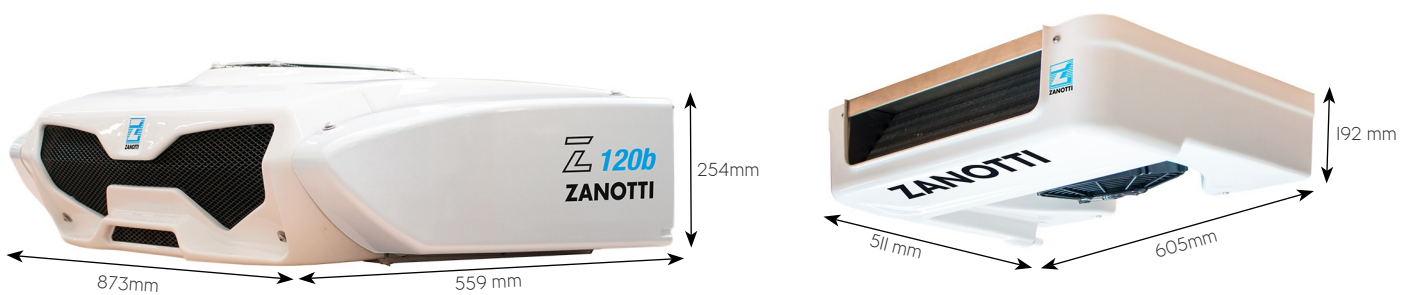

The **Z120b** is designed with minimal environmental impact and maximum cooling effectiveness ideal for refrigerated transport in small Vans for both **chiller** and **freezer** temperatures

They're made from the highest quality **Italian parts** and are **manufactured in Italy** - designed to be extremely durable in all weather conditions with all the hardware cased in tough ABS plastic.

Zanotti **Z120b** Transport Refrigeration Systems are aesthetically advanced, with **innovative Italian design** in every aspect of the make - made to be **streamlined to resist drag**, while also **efficiently cooling the system** while on the move.

		R404A				
Cooling capacity (Ta = 30°C)	Tc	°C	0	-20		
	Road	W	1300	500		
	Stand-by	W	1200	470		
Recommended Body volume	Tc	°C	0	-20		
	Ta	°C	30	40	30	40
	Vol	m <sup>3</sup>	8	6	4	3

\*Ta = Ambient outside temperature. \*Tc = Cool Room temperature

Available with **Standard 12, 24 and 36** month warranty options.
